

# HM HEADSTONE MANOR & MUSEUM

## A message from.... Bill the Duck!

Hi again! 🖐️ I'm back and today I wanted to introduce you to someone - this is Margery. She lived in Headstone Manor in the Tudor times (16th Century) and she's going to show me some cool things about the house! The oldest parts of the Manor House were built in the 14th Century and more parts have been added on ever since. In 2017 the house was restored to how it currently stands, a welcoming museum for the local residents of Harrow (and my home!). Do you have any questions for Margery about the house? Post them below!
