Headstone History Detectives - April 2nd 2020

Kodak fact!

Detective Bill has another challenge for Headstone History Detectives!
Today he has been learning all about taking photographs and the Kodak Factory in Harrow

Did you know? The Kodak Factory was a very important factory in Harrow. It opened in 1891 and only closed in 2016. Lots of people who live in Harrow worked there making cameras and other things used in photography like film

Take a look at this picture of the Kodak Factory in 1910, and then print off and colour in your own!
